Cabernet Sauvignon was the first wine produced by Rombauer Vineyards when the winery was founded in 1980. Diamond Selection, first produced with the 1994 vintage, is a reserve bottling representing the best lots harvested each growing season.

“Pure and rich, focused on a supple core of licorice, dark berry, light cedar, fresh earth and savory herb flavors, ending with a long, smooth finish that keeps repeating the core fruit themes. Drink now through 2033.”
